

Minutes of
April 11, 2001 Teleconference
0900-1000 CST

Attendees:

Greg Blum
Joshua Delmonico
Paul DuBois
Mr. Erikson
Bobby Carpenter
Linda Peyman-Dove
Laurel Gorman
Denise Martin
Rose Kress
Harold Smith
Nancy Towne

1. Discussion of ITAM Data Repository and its relationship to the Army data repository.
2. There are no custom applications for the NGB data sets.
3. Scope needs to include an UML object model (Rational Rose – to be completed in July 2001) that will be implemented in Visio → Microsoft Data Repository → ArcCatalog → Geodatabase structure. Josh will edit the SOW and e-mail to Nancy by 4-12-01.
4. The Center will contract G/I/S (Dale Dunham) to assist in geodatabase structure and ESRI software issues.
5. NGB Training courses:
 - a. ITAM Conference in Nashville, TN Aug 27-31, 2001. GIS day is Aug 27. The Center will give an hour presentation on Aug 27, with 2-3 hour workshops on Aug 27-29 using the computer lab.
 - b. Vicksburg Training class in September/October 2001 using SDS and the Geodatabase tools (generator/migratory) with the NGB datasets.
6. Josh Delmonico and Greg Blum are POCs for definitions for the NGB GIS environmental datasets.
7. Rob Barber-Delach is the POC for definitions for the NGB GIS training datasets.
8. Three sites to visit:
 - a. NGB at Arlington, VA
 - b. Western RSC at Ft. Collins, CO (1-2 datasets)
 - c. Orchard Training at Boise, ID
9. Prototype NGB site will be NGB at Arlington, VA
10. Ensure coordination with the Center Project 01.043 (Laurel Gorman, POC).

Action Items:

1. Josh – e-mail Nancy a revised SOW by 4-12-01
2. Nancy – e-mail Josh a revised Draft Work Plan by 4-20-01
3. Nancy – e-mail Josh a copy of the dataset format
4. Josh – e-mail list of data requirements by 4-20-01

5. Josh – provide data sets by 4-20-01 (ftp?)
