1. Chapter 2, page 6, Table 3. Linestyle ID 2, dashed. The Dimensions should be something like 6, -3. Not 12, -3. The length of the dash is pictured to be about half the length of the ID 3 dash. Also the dimensions for the chain and chain double-dashed are not illustrated correctly in the example.

Response: The dimensions for both Linestyle ID 2 and 3 are correct. The example figure for Linestyle ID 2 is inaccurate. Table 3 will be updated with a new example figure.
